

# Sprint IV

15 April 2021 08:28

- Dates: 19 April -> 23 April
- Review progress with primary goals:

- What have we accomplished
  - Added indicators to discourage choosing high sugar levels
  - Mapped out the user journey
- What can we accomplish this week?
  - Final score (or sugar amount) for users through service
  - Pull answers into meal summary
  - Automated testing methods
- Goals:
  - Game-end functionality
    - Pull meals into meal summary
    - Show score on game-end
  - Try for three write-up sections
    - Zain: background
    - Angela: System Implementation
    - Zack: Sprints and Project management
  - Automated testing
